Chapter 1:

Chapter 2:

Founding fathers can vote based on personal views, they were all secularists where the Bible is not needed to form an opinion

Seven category of faith according to Richard Dawkins, the higher the number the further the disbelief

Richard spoke by saying there is probability of our Lord; Richard wants to lower the probability

Chapter 3:

It is very likely that Jeshu lived during that time

Chapter 4:

Chapter 5:

Chapter 6:

We humans are not meant to understand the "trinity", huh?

Mormonism is bogus history

8:25:33 Dawkins uses crime rate based on red states and he found there is a meaningful difference between red and blue states

To show war ethics to use against us believers is founded in verse Joshua 6:31

Richard claims all evil comes from religion

Love thy neighbor could mean love your neighbor to reproduce more people

Hitler and Stalin were both atheists, no evidence that their belief system led to war crimes

Chapter 8:

Richard says whoever is baptized is indoctrinated
